

Foppema's Farm, LLC is a 1st generation fruit and vegetable APR farm located in Northbridge and Sutton. The farm is owned and operated by Ken & Lisa Foppema along with two of their sons, Jesse and Evan. The farm specializes in growing in-season fruit and vegetables that are sold at their farmstand on Hill Street in Northbridge as well as three farmers markets. The Hill Street farm (64 acres) was purchased in 1986 and the Sutton farm (168 acres) was added in 2012.

We are open seasonally from June until Thanksgiving. We start with strawberries, plants, greenhouse tomatoes, and early spring crops. Throughout the season we grow and sell a plethora of fruit and vegetables including blueberries, raspberries, sweet corn, tomatoes, peppers, cucumbers, squash, potatoes, apples, peaches, and much more.

We are grateful for the APR Program and other programs that the state and federal governments have provided to help us be a successful farming operation that we hope will continue for generations to come.

Whittier Farms. 5 Generations. 500 Acres. One Lasting Commitment.

Since 1945, our family has farmed in Sutton with a commitment to keeping agriculture alive and well. Today we farm in Sutton, Douglas, and Oxford to provide local dairy, beef, and produce for the community. Over 75% of our farmland is preserved in partnership with our local municipalities and the state. We currently grow our fruits and vegetables on nearly 20 acres of our land and are Commonwealth Quality Certified for food safety and sustainability. Our beef and dairy animals are raised under the nationally recognized Farmers Assuring

Responsible Management (F.A.R.M.) program for Animal Care. **Whittier Farms** is a proud and active member-owner of the Agri-Mark/Cabot Creamery Cooperative. Our farm store connects our community to our farm year-round, and our year-round farm shares serve to deepen our connection.
