

Farmer's Grace

By Gregory Finn

I am a farmer, and I know you well, Lord

I've seen your miracles many times.

Perhaps more than anyone else, I realize how much help you give to those of us who work your soil, replenish your earth, and feed your people.

I know your justice too, and your mercy and your forgiveness.

And I am grateful

Thank you Lord for all you've done, and all you have helped me do.

I'm proud to be a farmer, and I am proudest of all to be a child of God.

So bless us all, and keep us in your service.
